

# uPVC Pressure Pipes

## (BS-3505/PS-3051/91)

### **Application**

- Pot Water, Soil, Waste, Rain Water
- Ultra Pure Water and Sewage Treatment
- Swimming Pools
- Air Conditioning/ Refrigeration
- Food and Beverage Processing
- R. O. Plants
- Cable & Telecommunication

### **Range**

Offers a wide range of pressure Pipes classes B, C, D & E from 1/2" to 18" with Z-Joint and bell joint socket pipes according to BS 3505 & PS-3051.

### **Advantages**

- Long Life, Design Life of 50 Years According to ISO
- Low Transportation and Handling Cost
- No Scaling or Deposition of Material
- Can Resist Wide Range of Chemicals
- Does not Promote Fire (Self Extinguishing)
- Reduce Chances of Short Circuit
- Can be Installed Both Internally & Externally
- Reduces Labor Cost
- High Flexibility
- Easy Installation
- Maintenance Free

### **Other Products**

PPR-C, PE and cPVC Pipes & Fittings

### **Euro Gulf Industries**

Factory: D-60, S.I.T.E., Phase I, Off Super Highway, Karachi.  
Tel: (92-021) 36880145-6, 36880290-91 Fax: (92-021) 36881569,

## ASTM

### **Application**

- Pot Water, Soil, Waste, Rain Water
- Ultra Pure Water and Sewage Treatment
- Swimming Pools
- Air Conditioning/ Refrigeration
- Food and Beverage Processing
- R. O. Plants
- Cable & Telecommunication

### **Advantages**

- Long life, Design life of 50 years according to ISO
- Low transportation and handling cost
- No scaling or deposition of material
- Can resist wide range of chemicals
- Does not promote fire
- Reduce chances of short circuit
- Can be installed both inside and outside
- Lower jointing and labor cost
- High Flexibility
- Quick & Easy Installation
- Maintenance Free

### **Range**

Offers a wide range of uPVC sewerage & pressure pipes & fittings in sizes of 1/2" to 18" according to ASTM.

### **Other Products**

PPR-C, PE and cPVC Pipes & Fittings

#### **Euro Gulf Industries**

Factory: D-60, S.I.T.E., Phase I, Off Super Highway, Karachi.

Makers of Pipes & Fittings

# PPR-C Pipes & Fittings

## Application

- Hot / Cold and Chilled Water Piping.
- Industrial Piping for Aggressive Fluids.
- Compressed Air.
- Air Conditioning / Refrigeration.
- Food and Beverage Processing.

## Advantages

- Reduces energy losses.
- Suitable for potable water and food processing industries.
- Long life, Design life is 100 years according to DIN 8077/8078.
- Can withstand high flow velocity.
- Long length can be made by fusion jointing.
- Low cost of transportation and handling.
- Low cost fittings.
- Lesser number of fittings are used.

## Range

Offers a wide range of multi-purpose PPR-C Pipes & Fitting in sizes of 16mm to 90mm according to DIN 8077 / 78.

## Other Products

uPVC, PE and cPVC Pipes & Fittings

### Euro Gulf Industries

Factory: D-60, S.I.T.E., Phase I, Off Super Highway, Karachi.  
Tel: (92-021) 36880145-6, 36880290-91 Fax: (92-021) 36881569,

# PE Pipes & Fittings

## **Application**

- Oil & Gas.
- Fiber Optic Cable Ducting.
- Sewerage Lines.
- Drip Irrigation.
- House Connections.
- Chilled Water Piping.
- Drinking Water Supply.
- Chemical Production.
- Pharmaceutical Industries.

## **Advantages**

- Resistant to corrosion, abrasion, growth of bacteria, algae & fungus.
- Suitable for extreme weather conditions
- Easy installation.
- Maintenance free, durable & long life.
- Non-toxic and Non-conductive.

## **Range**

Offers a wide range of PE pipes & fittings in sizes of 16mm to 160mm according to ISO 4427/4437, DIN 8074/8075, PS 3580, BS 6730 & 6572 for Gas, Water, and Fiber Optic Cables etc.

## **Other Products**

uPVC, PPR-C & cPVC Pipes and Fittings
